I am writing to urge the FCC to reject the NAB's petition 04-160. I rarely listen to local broadcast stations anymore due to the poor quality and lack of variety since all of the mergers and take-overs by the big radio conglomerates. I like the ability that I have with XM Radio to tune to one station and know I am going to get the information that I need in a timely fashion, rather than having to wait for it at the next commercial break.
